## GROUPS ASSIGNED BASED ON SKILL, EXPERIENCE, SPEED

---

During Event sign-up, Motovid.com attempts to properly assign riders to their session groups based on skill, experience and speed stated. However, in the event the rider is not up to speed or at pace with the other riders in his/her assigned group for any reason during the event, the Motovid.com Control Staff can re-assign the rider to a more suitable group by “bumping up or down” accordingly.

For safety and the most pleasurable track day experience, Sessions Groups are further limited to 30 riders. In this way, it is in the best interest of all riders to be grouped with riders of their own capabilities with dedicated rider coaches.

The basic structure runs four 15 min. sessions per hour assigned to one of the respective run groups; BLUE – GREEN – ORANGE – YELLOW, with approximately 6-7 riding sessions per day.

- **BLUE GROUP – Advance Rules – Pace: 1:19 or less**  
Season track day riders with more than 10 track days, licensed racers. Must participate in pre-session orientation meeting with Lead Control Rider and peers for first session.
  
- **GREEN GROUP – Intermediate Rules – Pace: 1:24 or less**  
Experienced track day riders with more than 5 track days. Must participate in pre-session orientation meeting with Lead Control Rider and peers for first session.
  
- **ORANGE GROUP – Intermediate Rules – Pace: 1:29 or less**  
Experienced track day riders with more than 2 track days. Must participate in pre-session orientation meeting with Lead Control Rider and peers for first two morning sessions.
  
- **YELLOW GROUP – Novice Rules – Pace 1:30 +**
