GROUPS ASSIGNED BASED ON SKILL, EXPERIENCE, SPEED

During Event sign-up, Motovid.com attempts to properly assign riders to their session groups based on skill, experience and speed stated. However, in the event the rider is not up to speed or at pace with the other riders in his/her assigned group for any reason during the event, the Motovid.com Control Staff can re-assign the rider to a more suitable group by “bumping up or down” accordingly.

For safety and the most pleasurable track day experience, Sessions Group density is further limited based on track. In this way, it is in the best interest of all riders to be grouped with riders of their own capabilities with dedicated rider coaches.

The basic structure runs four 15 min. sessions per hour assigned to the respective run groups; BLUE - GREEN - ORANGE - YELLOW, with approximately 6-7 riding sessions per day.
